ABOUT THE STUDIO

Every project begins with a conversation.

In the studio · West Palm Beach

I'm Breanna Malone — a South Florida artist working in original painting, decorative wall finishes, murals, and custom commissions. Everything in this portfolio was conceived and executed by hand, for a particular space and the people who live in it.

If something in the pages ahead speaks to you, here is what happens next:

1. I respond personally within 24 hours.
2. We arrange an on-site visit or studio consultation.
3. I prepare a detailed proposal with samples — tailored to your project.
